

# CatholicSingles.com(R) Releases Free iPhone Application for Members

LAGUNA NIGUEL, Calif., June 23 -- CatholicSingles.com, the original dating website for Catholic singles announces its first iPhone application.

"With iPhones everywhere more and more members are using them to stay connected to our site. In response we have come up with our own app that allows easy access to our most used features." said David Nevarez, President of Catholic Sites, Inc. and CatholicSingles.com. "This includes the ability to check and write email, as well as conducting full member searches. We hope to have more features in future versions and will be releasing the app for other platforms soon. The iPhone app is a free download at iTunes under the search term Catholic Singles," says Nevarez.
